UnlockEquality

Level up your workplace

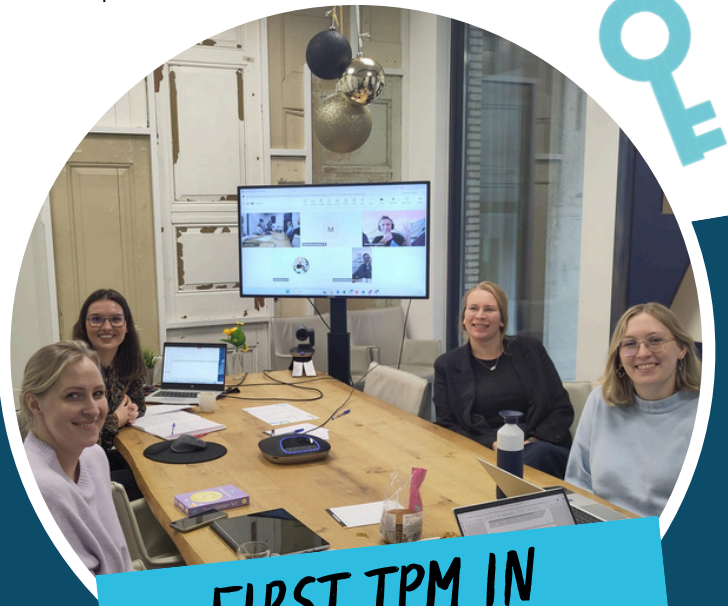

ABOUT THE PROJECT

UnlockEquality – Level up your workplace is a new Erasmus+ Cooperation Partnership in Adult Education focused on promoting gender equality in the workplace.

While awareness of diversity and inclusion is increasing across Europe, gender inequality often remains hidden in everyday organisational practices, from decision-making and communication to learning and leadership. Many organisations are willing to act, but lack concrete and accessible tools to do so.

UnlockEquality responds to this gap by developing practical, easy-to-use resources that help employers, employees and adult educators recognise gender inequality and translate awareness into action. Over the next two years, the project will create interactive learning activities, practical tools and clear guidance that support organisations, especially SMEs, in building more inclusive and equitable workplaces across Europe.

FIVE EUROPEAN PARTNERS

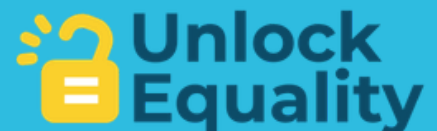

UnlockEquality is implemented by a consortium of five organisations:

- Latvian Chamber of Commerce and Industry (Latvia),
- Stichting Incubator (the Netherlands),
- Eurodimensions (Malta),
- Babele create together (Denmark),
- Udruga DONUM (Croatia).
